Dear Prospective Parent,

Thank you for your interest in First Impressions Academy. It is our mission to promote the growth of your child not only academically but socially and behaviorally as well. School is the place where your child will be spending a lot of their time. As a staff we come together to build great character in our students; by promoting respect, responsibility, and good judgement we are creating a happy and comfortable community for your child to learn in.

First Impressions combines small class sizes along with experienced, certified educators that have a talent for teaching and a passion for education. We use differentiated instruction to guarantee that each child is being taught at their level. A well thought out, structured learning environment has been constructed to invite students to learn at their own pace. Goals and objectives are tiered; and we use an assortment of curriculum to ensure progress in each subject area. Arrays of assessments are implemented to measure growth daily. The FIA staff takes pride in our parent communication and collaboration; we promote participation and value the educational partnership that is shared while your child attends FIA.

Our passionate teachers and staff work hard to carry out our mission. We do this by instilling confidence in our students, and building on their strengths. The family environment that FIA creates gives the children a sense of comfort and security. We want our students to have a positive image of school, and view education as a success in their lives. Good character traits are practiced and instilled; and our zero tolerance policy makes for a peaceful, and happy educational experience.

Thank you again for your consideration of our school. We understand how vital and important the choice you make will be in deciding where your student will attend school. It is our desire to provide the information and support needed to assist you in this process.

Respectfully,

Christy Pettit

Director
